RECORD OF ACTION

SUBJECT: Project [REDACTED]

25X1A2d1

At its meeting on 10 April 1953 the Project Review Committee agreed, in view of the report contained in the O/TR memorandum of 7 April 1953 regarding the results of having explored the possibility of using Defense Department motion picture facilities in producing CIA's training film program, that they were inclined to approve the project as submitted. In view of General Cabell's recommendation regarding referral to the Secretary of Defense, however, especially the extended delay that probably would be involved, the Committee agreed that Mr. Wolf should discuss the matter with General Cabell and that, if the results of this discussion so permitted, there be circulated a sign-off memorandum among the members of the Project Review Committee and that the project not again be brought before a formal meeting of the Committee.
